Dear Parents and Carers,

Beach Safety Assembly- RNLI

This week we were visited by lifeguards from the RNLI who spoke to the whole school about Beach Safety and how important it is to listen to their advice on the beach. They told us that the greatest proportion of their time each year is reuniting lost children with their parents. Did you know that you can obtain children's bracelets from lifeguards, suitable for listing your child's details?

Should a child then become lost on the beach they can approach a lifeguard who can use those details to reunite child and parent.
